

KLOVE Radio Broadcasting serves me as a resident of my local community. It is a positive and encouraging alternative to listening to most other radio stations. Without KLOVE, I would be forced to choose from radio stations that offer more negative stories and questionable values, therefore pouring negativity into my mind.

KLOVE represents a positive message and strives to benefit everyone it reaches. My family is a financial supporter of KLOVE, and we wish for KLOVE to continue to be played over the air-waves in Lexington, KY.  
Thank you for your concern regarding this matter. God bless.
